```
#!/usr/bin/perl

use strict;
use warnings;

for (my $i = 1; $i < 100; $i++) {
    if ($i == 99) {
        print $i." Luftballons reached!\n\n";
    } else {
        print $i." Luftballons...\n";
    }
}
exit;</pre>
